

Algebra IIA

Lesson	Page Number	Date Completed
001 Rules of Algebra	1	
001 Real Number Properties	2	
003 Algebraic Expressions	4	
004 Algebraic Equations	5	
005 Solving Equations***	6	
006 Problem Solving	6	
007 Rewriting Formulas***	7	
008 Solving & Graphing	8	
009 Properties of Inequality	9	
010 Inequalities	9	
011 Absolute Value Equations	11	
012 Absolute Value Inequality	12	
013 Problem Solving 2	13	
014 Relations & Functions	14	
015 Graph Linear Functions	16	
016 Slope of a Line***	18	
017 Graph Linear Inequalities	19	
018 Parallel & Perpendicular***	20	
019 Identify Linear Equations	21	
020 Problem Solving 3	23	
021 Direct Variation	24	
022 Graphing Equation Systems	24	
023 Graphing Systems	26	
024 Addition & Substitution***	26	
025 Solving Inequalities	28	
026 Linear Programming	30	
027 Three-Variable Equations	31	
028 Data in Matrices	32	
029 Matrix Multiplication***	33	
030 Size & Reflections	34	
031 Transformation	35	
032 Rotation	36	
033 Matrix Addition	37	
034 Exponents	38	
035 Polynomial Types	39	
036 Polynomial Operations	40	
037 Factoring Quadratics***	41	
038 Polynomial Equations	43	
039 Negative Exponents	44	
040 Scientific Notation	45	
041 Rational Operations 1***	46	
042 Rational Operations 2	47	
043 Simplifying Rationals	48	
044 Complex Rationals	50	
Graph paper (2)		

***Denotes that student must get a 70+ on Practice in order to move to Mastery
